

COVID-19 Weekly Update

Friday, May 15, 2020

Welcome Home!

This week we're happy to announce a process that will welcome individuals who have been away from their group living site for an extended time due to COVID-19. We've spent time this week training our operational leaders on the assessment and re-entry procedures that we believe will provide for the safest process for everyone involved. This has been a long time coming and we couldn't be happier to announce it!

New Faces

Also this week, our COVID-19 Response Team began discussing the process for re-engaging our admissions process. We obviously want to be extremely cautious relative to introducing new folks into group living environments, but we believe we can do so safely.
